Next js, jQuery, JEE, Spring Boot.

Query language

Graphql

Design patterns

MVC, Singleton.

Web Technologies

HTML, CSS, Bootstrap.

Database

MySQL, PostgreSQL.

Project management

Microsoft teams, SourceTree, Git.

IDE

Eclipse, Visual Studio Code, IntelliJ, JetBrains
WebStorm.

EDUCATION

National Computer Engineer Diploma

Private Higher School of Engineering and
Technology.

Ariana, Tunis

2017 - 2020

Computer Science & Multimedia License

Higher Institute of Computer Science and
Multimedia of Manouba.

Manouba, Tunis

2013 - 2017

LANGUAGES

- Arabic – Native Speaker
- French – Bilingual
- English - Fluent

I AM...

Motivated – Creative – Ambitious

WORK EXPERIENCES

Full Stack Software Engineer

11/2020 – 11/2021

AMAI GmbH, Karlsruhe, Germany

Internal Project

Develop and design AMAI website.

Performed tasks

- Create the website pages with existing template.
- Change the Ant design with bootstrap.
- Manage the website performance using the chrome tool.
- Website already deployed on ([Link](#)).

Environment

Visual studio code, Git, Source Tree, React, Gatsby js, Redux, React
Hooks.
